SCHOOL TRIPS

Dear Parents

We have understandably had a few queries regarding the payment of some school trips. In the current situation, it has not always been simple to make any decisions. Naturally, the travel companies we use are keen to provide the trips but we are all following the government guidelines and can only react based on these.

The current situation is that if a trip cannot go ahead because school and the destination are closed then we would get a refund, which will be credited back to you. Where future trips are concerned, we have tried to rearrange them.

The Year 5 London trip has been rearranged for September 28-30 2020. Next year's Y5 cohort will also be going to London as usual in March 2021.

The Year 4 Roman DEWA Trip will not be able to be rearranged and therefore will be refunded to parents.

The Year 4 Conway residential will also unfortunately have to be refunded.

The Year 6 PGL trip is still undecided at the current time. PGL have advised if the lockdown restrictions are lifted then the trip can go ahead. We will not be requesting any further monies from parents for this until we are clear of the situation. Should this trip not go ahead then we will refund all monies.

I hope this clarifies these situations for you, as far as we can. We will update you if and when any changes are made. In the mean time, you are all more than welcome to email sbm@thequinta.cheshire.sch.uk with any queries you may have.

Kind regards

Sara Burggy
